Dawn Maclaughlin, Instructor

Dawn Maclaughlin is a working artist from Santa Cruz who has a background in teaching art at the high school and college levels. She works in watercolor, oils and calligraphy. For the past 18 years she has focused on selling her work in venues throughout California, Oregon, Washington and Hawaii.

She received a BFA in painting, with an emphasis in graphic design from California State University Chico. Her paintings and calligraphy can be viewed at www.scripturemagnets.net

Drawing is one of her most popular classes taken by painters and beginning art students.

If you have questions about the class, you can contact Dawn direct at 831-600-8373.

The Joy of Drawing

This class is designed to help you improve your drawing skills and have fun in the process. Dawn Maclaughlin has been teaching this class for seven years and has taught many students to draw better than they thought they could!

Dawn describes this class... "my curriculum is tried and proven successful for everyone. I have developed many exercises that anyone can do. It's joyful and challenging as you gain skill to express what you want in your art." This class will cover basic drawing skills... working with values, basic shapes and shading for 3 dimension, expressive line, negative space, creating contrast and visual interest and creating interesting design and composition. You will draw still life and landscapes.

Drawing is the basis of painting. For those who paint, or would like to, this class will improve your paintings as you improve your drawing skills. "I am excited for the opportunity to help you succeed as the artist you want to be! I look forward to our time together creating art."

Seating is limited! » Register today!
